

**NEWS & NOTES
FROM NPO**

**NORTHERN
PHYSICIANS
ORGANIZATION**

March 4, 2015

You are if your name is

KIM ACKER!

Kim Acker, PCMH Contact at West Shore Medical Center Physician Services (Orthopedics), correctly answered the last Movie Trivia Question! She will be receiving her choice of a \$50 Downtown Gift Certificate - Traverse City, Manistee, or Petosky!. And there are still 4 more challenging questions to come, so *YOU TOO* can join the Winners Hall of Fame!

MORE MOVIE TRIVIA !

All it takes for your next chance to win big is to watch the popular and charming leading man, Dr. Vincent Prusick of Great Lakes Orthopaedic Center, perform in "**Physician Partnerships with the Patient Centered Medical Home - Neighborhood(PCMH-N)**"

[The action starts here](#)

After the film, please send an email to Bryanna at bpataky@npoinc.org with your answer to this question:

"According to Dr. Prusick, why is there an increased length of stay regardless of surgical complications?"

All correct answers received before March 19th will be entered in a drawing for a \$50 downtown gift certificate good for the winner's choice of Traverse City, Manistee, or Petoskey!

2015 M-CEITA CALL SERIES

NPO is pleased to again provide, in partnership with Michigan Center for Effective Information Technology Adoption (M-CEITA), a one hour session, once a month, for you to ask M-CEITA whatever Meaningful Use questions you have. M-CEITA will answer the question or research and follow-up as necessary. If you can't make the call, you can email your question to NPO in advance (bpataky@npoinc.org) and it will be included.

The first call will be on Thursday, April 9th at noon. All others will be on the first Wednesday of each month at noon.

- Thursday 4/9/15 at 12:00 pm
- Wednesday 5/6/15 at 12:00 pm
- Wednesday 6/3/15 at 12:00 pm
- Wednesday 7/1/15 at 12:00 pm
- Wednesday 8/5/15 at 12:00 pm
- Wednesday 9/2/15 at 12:00 pm

- Wednesday 10/7/15 at 12:00 pm
- Wednesday 11/4/15 at 12:00 pm
- Wednesday 12/2/15 at 12:00 pm

* *We will be scheduling a second call for October, November, and December.*

These calls will be via Go To Meeting, as we have had requests for projections.

Dial-in information is:

Please join my meeting from your computer, tablet or smartphone.

You can also dial in using your phone.

United States (Long distance): +1 (646) 749-3131

Access Code: 490-727-629

More phone numbers: <https://global.gotomeeting.com/490727629/numbersdisplay.html>

We look forward to your questions!

We all know that advance directives are important. Not just personally but for your patients. Having an advance directive in place helps loved ones know what path to take during stressful times.

NPO recently hosted a meeting with many area Nursing Homes. The Nursing Home representatives reiterated the importance of these advance directives and asked that physician offices continue to encourage people to develop an advance directive AND to make sure that whomever they have designated as their Health Care Agent is aware of their wishes.

The Nursing Home representatives presented an, unfortunately, all too common scenario for them: Grandma is in the hospital and can't make decisions. No family is available. The hospital must, through a court order, have an emergency guardian assigned so that this guardian, who doesn't know Grandma, can sign the paperwork so that Grandma can be admitted to the Nursing Home. Grandma is in the hospital for the many days this takes to occur.

Advance Directives. A good thing.

[NPO CALENDAR](#)

"Apparently he was sitting on a wall."

## Random Chicken Facts

The average hen lays 300 eggs a year.

The record for multiple egg yolks in one egg is nine.

A chicken needs to eat approximately four pounds of feed to make a dozen eggs (about 86 cents worth of food at retail).

If a chicken has red ear lobes, it will lay brown eggs if it has white earlobes it will lay white

eggs.

Chickens will lay fewer and fewer but larger and larger eggs as they grow older.

Chickens will lay more, larger, and stronger eggs... if they think the day is 28 hours.

The largest recorded chicken egg weighed 12 ounces and had two yolks.

The record for egg laying belongs to a white leghorn that laid 371 eggs in 364 days.

The world record for the most eggs laid in one day is seven.

In the U.S. 46% of all chicken eaten is consumed in restaurants.

A "Cornish Game Hen" is actually a 5-6 week old chicken.

Americans eat 80 pounds of chicken per capita, which is more than beef at 63 pounds per capita.

Hooters restaurants sell 30 million pounds of chicken wings each year. That is enough to circle the earth at the equator.

A headless chicken can run the length of a football field before dropping dead.

The longest recorded chicken flight was 13 seconds and a total distance of 301.5 feet.

A Chicken can run about 9 miles per hour, a human can usually manage 12-15 miles per hour.

Chickens have a different alarm cluck for different predators

A chicken's heart beats 300 times a minute (about 4-5 times more than a human).

The chicken has been domesticated for 8,000 years.

In 2007, researchers were able to extract small amounts of collagen protein from a 68 million year old Tyrannosaurus Rex leg bone. Further analysis confirmed that the chicken is the closest living relative to the T. Rex.

There are more chickens on earth than humans.

**Really.**
