***Next M-CEITA Meaningful Use Call
WEDNESDAY JULY 30, NOON***

NPO is pleased to announce a partnership with Michigan Center for Effective Information Technology Adoption (M-CEITA) to provide a one hour session, every other week, for you to ask M-CEITA whatever Meaningful Use questions you have. M-CEITA will answer the question or research and follow-up as necessary. If you can't make the call, you can email your question to NPO in advance (kelliott@npoinc.org) and it will be included.

The first call took place on 7/17/14 at 4 pm. Many practices dialed in for this call. Several had questions prepared, and a few just listened in. One practice that could not make the call had emailed their question to NPO in advance. A summary of the call can be found [by clicking here](#). It is also available on the NPO website. Please feel free to share feedback regarding the summary or the call with NPO (kelliott@npoinc.org).

We will again use the AT&T dial-in line for the next calls. Dial-in information is: 1-888-808-6929, Meeting ID 1836510. Call schedules and dial-in information will also be posted on the NPO website.

We will incorporate your comments and feedback to refine the call schedule and format.

Please bring your questions to the call, and again, if you cannot make the call, please email your question to NPO.

Looking forward to the next round of questions
Wednesday 7/30 at noon.!

THANK YOU!

A REMINDER ABOUT ICD-10-CM TRAINING!

NPO is excited to once again bring Judy Breuker, CPC, CPMA, CDIP, CCS-P, CHC, CHCA, CEMC, AHIMA-Approved ICD-10-CM/PCS Trainer and President of Medical Education Services, LLC to lead a one day class focusing on the guidelines and principles on ICD-10-CM.

The training is ideal for administrators, clinical staff, physicians, front office, ancillary staff and others needing to understand the essential guidelines of ICD-10, but who are not directly involved in day-to-day coding responsibilities.

We are holding this one day class twice, on both Wednesday September 10 and Thursday September 11, in order to have more people be able to participate. The cost of this class will be \$160. *Please let us know as soon as possible if you are interested*, so that we can book the venue. Thank you!
