MUNSON HEALTH CARE ADVANCE CARE PLANNING WORKSHOPS

For information and registration for Munson's upcoming Advance Care Planning workshops, [PLEASE CLICK HERE.](#)

During the workshops patients & families will:

- Consider future health care decisions and treatment preferences
- Learn how to effectively communicate healthcare choices by describing what is important and what personal values that influence decision making
- Avoid using vague terms such as "quality of life", "being a vegetable", or "pulling the plug".
- Recognize and understand the importance of choosing who would be a good person to communicate their wishes if they cannot communicate them
- Understand CODE STATUS and out of hospital DNR orders (MI-POST)
- Page by page walk through of Munson Healthcare's Advance Medical Directive and Treatment Preferences booklet

INTRODUCTION TO TC HEALTH

Christa Kiessel MSN, APRN-BC

TC Health is a new meet-up inspired by the TCNewTech example. This idea grew from the realization that so many are doing incredible things to improve the health of people, communities, and the environment in Northern Michigan. There is tremendous momentum building with no platform designed to assemble and support such a diverse group.
