

eCW Clinical Documentation Guide

Measure Name	Cervical Cancer Screening
Relevance	<p>NPO Population Clinical Quality Dashboard [NQF 0032: Prevention & Screening Measure] MIPS Clinical Quality Measure [CMS 124 (EHR): Process Measure]</p>
Measure Definition	<p><i>The percentage of women, 21 - 64 years of age, who were screened for cervical cancer according to one of the following criteria:</i></p> <ol style="list-style-type: none"> <i>I. Women, 21 - 64 years of age, who have had a cervical cytology test performed at least once every three years (i.e., within the current Measurement Period, or the two years prior to the current Measurement Period)</i> <i>II. Women, 30-64 years of age, who have had a cervical cytology test performed, in conjunction with a Human Papillomavirus (HPV) DNA co-test at least once every five years (i.e., within the current Measurement Period or the four years prior to the current Measurement Period)</i>
Measurement Period	<p>The Measurement Period is defined as the current calendar year (January 1 - December 31)</p>
Denominator	<p>The Denominator consists of patients who:</p> <ol style="list-style-type: none"> I. Are ≥ 23 and < 64 years of age at the start of the Measurement Period II. And, Are female III. And, Have been seen for an applicable visit during the Measurement Period
Numerator	<p>The Numerator consists of patients, from the Denominator, who:</p> <ol style="list-style-type: none"> I. Have had a Gynecologic Cytology lab test performed at least once within the past 3 years <ol style="list-style-type: none"> A. Valid for any patient from the Denominator B. Lab test must be documented within the Measurement Period or the two years prior <p style="text-align: right;"><i>(continued)</i></p>

eCW Clinical Documentation Guide

Measure Name	Cervical Cancer Screening <i>(continued)</i>
<p>Numerator <i>(continued)</i></p>	<p>II. Or, Have had a Gynecologic Cytology lab test performed at least one within the past 5 years</p> <ul style="list-style-type: none"> A. Valid for patients, from the Denominator, aged 30-64 years only B. Valid only if the Gynecologic Cytology lab test is performed concurrent with, or within one day of, an HPV DNA co-test C. Lab tests must be documented within the current Measurement Period or the four years prior
<p>Exclusions and/or Exceptions</p>	<p>Patients are excluded from the Denominator if they have had a Total Hysterectomy performed before the end of the Measurement Period</p> <p style="text-align: center;">"Total Hysterectomy" is defined as the complete removal of both the uterus and cervix; No residual cervix remains, but ovaries may, or may not, be present</p>
<p>Measure Documentation</p>	<p style="text-align: center;"><u>To Qualify For This Measure</u> <i>(Denominator Documentation)</i></p> <p>The patient must be seen for an applicable visit encounter during the Measurement Period</p> <ul style="list-style-type: none"> A. The following E&M codes identify applicable visit encounters <ul style="list-style-type: none"> 1. 99201 - 99205 and 99212 - 99215 2. 99341 - 99345, 99347 - 99350, 99385 - 99387 and 99395 - 99397 B. Record the appropriate E&M code in the Billing section of the Progress Note for the visit <i>(Progress Notes → Billing)</i> <hr/> <p style="text-align: center;"><u>To Satisfy This Measure</u> <i>(Numerator Documentation)</i></p> <ul style="list-style-type: none"> I. Document the results of a Gynecologic Cytology test in the "Labs" section of the patient's chart in eCW <i>(continued)</i>

eCW Clinical Documentation Guide

Measure Name	Cervical Cancer Screening <i>(continued)</i>
<p>Measure Documentation <i>(continued)</i></p>	<p>A. If the Gynecologic Cytology Test lab order has been electronically-generated and resulted in your EMR, no further action is necessary</p> <p>B. Otherwise, manually generate the lab order and/or enter the lab result, as follows:</p> <ol style="list-style-type: none"> 1. Access the "Labs" section of the patient's chart 2. If necessary, click "New" to create a new Lab order <ol style="list-style-type: none"> a. Click the "SEL" button, adjacent to the "Lab" search field b. Find and select the appropriate Gynecologic Cytology lab from the list of Lab options <p>3. Complete the following fields:</p> <ol style="list-style-type: none"> a. Order Date <ol style="list-style-type: none"> 1) If necessary, enter the date the lab was ordered 2) Hint: if you do not know the order date, enter the date the test was performed b. Collection Date <ol style="list-style-type: none"> 1) Check the box in the "Collection Date" field 2) Enter the date the sample was collected 3) Hint: If you do not know the collection date, enter the date the test was performed c. Results <ol style="list-style-type: none"> 1) Check the "Received" box in the Results section 2) Enter the date the test was performed 3) Type the result (Positive or Negative, Normal or Abnormal) in the yellow grid d. Reviewed: Check the "Reviewed" box <p style="text-align: right;"><i>(continued)</i></p>

Measure Name	Cervical Cancer Screening <i>(continued)</i>
<p style="text-align: center;">Measure Documentation <i>(continued)</i></p>	<p>II. If applicable, enter the results of the HPV DNA co-test in the "Labs" section of the patient's chart in eCW</p> <p>A. The HPV DNA co-test lab order will need to be manually-generated and resulted</p> <p>B. Follow the procedure, detailed above, to manually generate, and result, the lab order, taking note of the following:</p> <ol style="list-style-type: none"> 1. Select "HPV DNA, High Risk Analysis" as the Lab 2. If you do not know the Order Date, use the same entered for the Gynecologic Cytology lab 3. Be sure to check the box in the "Collection Date" field 4. Enter the same Collection Date as that entered for the Gynecologic Cytology lab (MANDATORY) 5. If you do not know the Results Date, use the same date entered for the Gynecologic Cytology lab 6. Be sure to check the "Received" box in the Results section 7. Be sure to enter a result (i.e., Positive or Negative) in the yellow grid in the "Results" section 8. Be sure to check the "Reviewed" box
<p style="text-align: center;">Exclusions and/or Exceptions Documentation</p>	<p style="text-align: center;"><u>To Exclude a Patient From This Measure</u> <i>(Exclusion and/or Exception Documentation)</i></p> <p>If applicable, document a Total Hysterectomy in the patient's chart in eCW, as follows</p> <p>A. Add the ICD-10 code Z90.710 (Acquired Absence of both Cervix and Uterus) to the Problem List of the patient's chart in eCW <i>(Required for exclusion from the NPO Population Clinical Data Dashboard measure)</i></p> <p>B. Note: A CPT code is required to also exclude these patients from a corresponding MIPS clinical quality measure</p> <ol style="list-style-type: none"> 1. The following CPT codes identify a Total Hysterectomy (with no residual cervix) procedure <ol style="list-style-type: none"> a. 51925 b. 57540 and 57545 <p style="text-align: right;"><i>(continued)</i></p>

Measure Name	Cervical Cancer Screening <i>(continued)</i>
<p>Exclusion and/or Exception Documentation <i>(continued)</i></p>	<p>c. 57550 and 57555 - 57556 d. 58150 and 58152 e. 58200, 58210, 58240, 58260, 58262 - 58263, 58267, 58270, 58275, 58280, 58285, and 58290 - 58294 g. 59135</p> <p>2. Record the appropriate CPT code in one of the following sections of a Progress Note or Virtual Visit</p> <p>a. <i>Progress Notes</i> → <i>Treatment</i> → <i>Procedures</i> b. <i>Progress Notes</i> → <i>Billing</i></p>
<p>Trouble-Shooting</p>	<p style="text-align: center;"><u>Having Problems? Check Out the Following Trouble-Shooting Tips</u></p> <p>I. Verify that the correct LOINC code is linked to the Gynecologic Cytology and/or HPV DNA co-test labs</p> <p>A. One of the following LOINC codes must be linked to the Gynecologic Cytology (Pap Smear) lab</p> <p>1. 10524-7 2. 18500-9 3. 19762-4, 19764-0, 19765-7, 19766-5 and 19774-9 4. 33717-0 5. 47527-7 and 47528-5</p> <p>B. The following LOINC code must be linked to the HPV DNA co-test lab: 59420-0</p> <p>C. To associate a new, or update an existing, LOINC code with a Lab, do the following:</p> <p>1. From the EMR menu in eCW, click on "Labs, DI & Procedures" 2. Select "Labs" from the drop-down list of options 3. The "Labs" window will open</p> <p style="text-align: right;"><i>(continued)</i></p>

eCW Clinical Documentation Guide

Measure Name	Cervical Cancer Screening <i>(continued)</i>
	<ul style="list-style-type: none"> a. Find and select the appropriate lab b. Click the "Attribute Codes" button (at the bottom of the window) c. A new window specific to the selected lab will open <ul style="list-style-type: none"> 1) Click the "Update LOINC" button (at the bottom of the window) 2) The "Associate LOINC" window will open <ul style="list-style-type: none"> a) Find and select the appropriate LOINC code b) Click "OK" to close the LOINC window 3) Click "OK" to exit the Lab-specific window 4. Click the X (in the top, right-hand corner) to close the "Labs" window
<p>Trouble-Shooting <i>(continued)</i></p>	<p>II. Verify that all mandatory Lab fields have been completed (especially for manually-created Lab orders and/or manually-entered Lab results)</p> <ul style="list-style-type: none"> A. I.e., Verify that the "Collection Date" box has been checked B. I.e., Verify that the (Results) "Received" box has been checked C. I.e., Verify that a "Results" date has been entered D. I.e., Verify that the Result has been entered in the yellow grid E. I.e., Verify that the "Reviewed" box has been checked
	<p>III. Verify that the Collection date is the same for both a Gynecologic cytology lab and it's HPV DNA co-test counterpart</p>
	<p>IV. For further assistance, contact Ed Worthington (eworthington@npoinc.org) or Kelly Saxton (ksaxton@npoinc.org) at NPO (231-421-8505)</p> <p style="text-align: right;"><i>(continued)</i></p>
