Subject: December PCMH Updates with Action Required by 12/27/17 for PDCM Attestation

Updates/resources and action required, please:

1. Resource: Some very nice e-asthma action plans available at <http://getastmahelp.org/actionplans.aspx> from the Asthma Initiative of Michigan.
2. Resource: NPO has updated the Community Resources on its website for 2018 and they are available with or without a password. The resources are at: NO password required: <http://www.npoinc.org/in-the-news/resources/> (go to NPO updates, then Resources) Password required <http://www.npoinc.org/resources/community-resources/> Please take a look.
3. PCMH-Neighborhood: NPO has been meeting with many specialist offices regarding capabilities and have learned that there may be an opportunity to improve communications. Some specialist offices are saying that, sometimes, the reason for the referral is not always clear and up-front which can cause confusion and delay referral processing.
4. ACTION REQUIRED by 12/27 if your practice wants to attest to BCBSM PDCM (Provider Delivered Care Management):
 - a. Please find attached a blank PDCM Attestation form for your use. Please complete by 12/27 and either fax to 231-421-8506 or email to kelliott@npoinc.org. Final PDCM VBR status is determined based on whether care management targets are achieved as reflected in claims.

Please feel free to contact me with any questions.

Thank you,

Kris
