

BCBSM has updated the PDCM FAQs (attached). The changes are:

1. Question 11 provides clarification about measurement for all practices at the SubPO level for PDCM Outcomes VBR. *(NPO NOTE: For NPO, the SubPO level is really just the PO level – so the metrics will be measured at the NPO overall level).*
2. Question 12 is new, and addresses how the med rec and transitions of care codes will be accounted for in future state VBR. *(NPO NOTE: This is addressing that the 1% level must be achieved before TCM and Med Rec codes can be counted).*
3. Question 13 offers clarification on pediatricians and future state VBR *(NPO NOTE: Pediatricians will be measured as all other PCPs for PDCM Outcome VBR—same metrics at the NPO overall level).*

Please send questions to me.

Thank you,

Kris
