Subject: Bridging Transition of Care with Munson Inpatients - phone number

Munson has developed a process to facilitate the transition of care for inpatients to the primary care office.

[231-935-7675 is the resource number.](#)

If a primary care physician has a patient who is a Munson inpatient, he/she may call this number (or have staff such as Care Managers call) and leave a secure message with patient's name and date of birth to request a call back at discharge.

Whoever calls must indicate whether they want an Attending physician to Primary Care physician call or whether they would like an Inpatient Care Manager to Primary Care Manager call.

If the patient is discharged on the weekend, the call back will occur on Monday.

Please give this a try when needed to coordinate a discharge and let NPO know how it is working!

Thank you,

Kris
