NEWS and NOTES from NPO

Dear NPO Members,

Dear NPO Members,

We are excited to announce that Novello Infusion will be opening late summer 2021! Novello Infusion will bring more specialty infusion care to Northern Michigan.

Novello Health is excited to bring a new infusion center to Northern Michigan: Novello Infusion. The center is located at Copper Ridge right next door to newly opened Novello Imaging in Traverse City. Novello Infusion will provide specialty infusion nursing excellence by serving patients throughout Northern Michigan. Services such as biologic therapies, immune globulins, steroid infusions, and more will be provided at a lower and more competitive cost. The goal is to provide the best care with the least amount of administrative burden for patients and customers. This includes improved cost transparency, along with improved physician and employer engagement.

One of Novello Infusion's biggest priorities will be to support all physicians and their patients. This will include an easy referral process, dedicated co-pay assistance, and flexible hours for scheduling patients. In addition, Novello Infusion will be accepting pediatric patients on a case-by-case basis.

We believe these changes will help with Novello Physicians Organization members' continued mission of providing high-quality, cost effective healthcare.

Keep an eye out for our brand new Novello Infusion website coming soon!

If you have any questions, please do not hesitate to call. Novello Infusion is ready to demonstrate to the community what it has to offer through unbeatable service and excellent care.

-The Novello Team
