NEWS and NOTES from NPO

Dear NPO Members,

NOVELLO INFUSION INSURANCES ACCEPTED UPDATE!

Novello Infusion, opening on 10/15/2021, can accept the following commercial insurance at this time: Priority, BCBSM, Cigna, and McLaren

Novello Infusion is located at Copper Ridge right next door to newly opened Novello Imaging in Traverse City. Novello Infusion will provide specialty infusion nursing excellence by serving patients throughout Northern Michigan. Services such as biologic therapies, immunoglobulins, steroid infusions, and more will be provided at a lower and more competitive cost. The goal is to provide the best care with the least amount of administrative burden for patients and customers. This includes improved cost transparency, along with improved physician and employer engagement.

One of Novello Infusion's biggest priorities will be to support all physicians and their patients. This will include an easy referral process, dedicated co-pay assistance, and flexible hours for scheduling patients. In addition, Novello Infusion will be accepting pediatric patients on a case-by-case basis.

Please see referral instructions [here](#).

Novello is working to add more insurances and we will be sure to keep you updated with any news on that front.

We are also excited to share the new Novello Infusion website, which is now live at <https://www.novelloinfusion.org/>. On the website, and attached, are referral directions so your practice can easily refer patients to Novello Infusion.

If you have any questions, please do not hesitate to call. Novello Infusion is ready to demonstrate to the community what it has to offer through unbeatable service and excellent care.
