Did you know??

Novello Imaging Center is an American College of Radiology approved site for MRI and CT!

Novello Imaging Center can conduct low dose Lung Cancer Screening for your patients. The CDC guidelines at

https://www.cdc.gov/cancer/lung/basic_info/screening.htm state:

The U.S. Preventive Services Task Force (USPSTF) recommends external icon yearly lung cancer screening with LDCT for people who—

- Have a 20 pack-year or more smoking history, *and*
- Smoke now or have quit within the past 15 years, *and*
- Are between 50 and 80 years old.

A *pack-year* is smoking an average of one pack of cigarettes per day for one year. For example, a person could have a 20 pack-year history by smoking one pack a day for 20 years or two packs a day for 10 years.
