

# Cancelling the lab/DI Orders in eCW

- >> Patient Hub
- >> Labs /DI
- >> Open the order
- >> Click on the canceled checkbox
- >> Mention the reason on the reason dropdown box
- >> Or under the notes "that patient did not complete or do the order."
- >> Ok

- The order will get canceled, and it will show under the canceled tab

The screenshot shows the 'Lab Results' interface for a patient named 'Test, TEST, 59 Y, F'. The 'Order & Collection' tab is active. The 'Cancelled' checkbox is checked, and the 'Reason' dropdown is set to 'No Show'. The 'Notes' field contains the text 'The patient didn't show up to perform the order.' The 'OK' button is highlighted.
